COUNTY OFFICIAL PAPER.

Saturday, July 16, 1904.

D. E. O'KEEFE.....EDITOR AND PROPRIETOR

NECESSITY FOR ELECTING ROOSEVELT.

Theodore Roosevelt—as no need to amend the Republican platform by declaring his "individual views" on a vital question of public policy. Neither is there need for him to make such expression in order to relieve suspense as to his soundness on that question. There is no doubt, and has been none, as to his position or the attitude of the party on the money question.

In this lies the essential difference between the Republican and Democratic parties and the broad distinction between the respective candidates for the Presidency. It also illustrates the relative significance of the two platforms. In view of the record of the Republican party and the official acts and declarations of President Roosevelt, a failure to mention the money question in the platform would not have been misconstrued nor would it have placed the party or the candidate in a false light.

The case was entirely different with the Democracy and its candidate. The party's financial record was bad; its position regarding the monetary standard unsound; the views of its candidate were unknown. Yet the platform remained silent in this vital particular, and a declaration on the part of the nominee for President in favor of sound money created a mighty hubbub that threatened to split the convention and cause the nomination of a new candidate.

The incident was an illustration of the inconsistency and incoherence of the Democratic party. The absurdity of Bryan's position was sharply disclosed when he refused to respond to John Sharp William's challenge when the latter demanded to know if the money question was an issue in this campaign. Bryan desired to split the convention and nullify its action because the nominee had expressed his individual opinion on a question that he admits is not an issue.

It is noticed that the only road to safety lies in the election of Theodore Roosevelt and a Congress in sympathy with him. The Democratic candidate is a clean, honorable gentleman of respectable parts, but his party is still dangerous to industrial and financial stability, and it is altogether beyond his control. It would be worse than folly to swap a tried and true horse in the middle of the stream for one known to be balky and untrustworthy.

Official Business Transacted by the Supervisors at Monday's Meeting.

New Reclamation District Formed.
More Changes Suggested
for Court House.

The Supervisors met as a Board of Equalization last Monday. There being no applications for reduction of assessment, the Board adjourned until the afternoon.

The members then met as a Board of Supervisors.

E. E. Hewlett, representing Phoebe A. She desires to reclaim same and manage it without the intervention of trustees or the establishment of by-laws. The sum of \$4500 has already been expended.

Mr. Hewlett explained that work would be commenced in the district at once. The petition was, on motion of McEvoy seconded by McCracken, accepted. At the request of Attorney Hewlett, claims 1 and 2 on the district and in favor of E. B. and A. L. Stone for \$9500 were approved by the board. The outlay is for a dredger that cost \$7000 and boats, \$2500.

District Attorney Bullock and Attorney Deering assured the Board that the county would not be responsible for money for the district until May, 1905.

Very respectfully yours,

AMERICAN-HAWAIIAN CONSTRUCTION CO.

Architect Dodge explained that with the additional story the building would then be complete and the jail in the story would be up-to-date, thoroughly ventilated and safe. The Supervisors thought that the work could be done later, when money could be raised more readily. On motion of McEvoy seconded by Eikenkotter, Item No. 1 was rejected.

The Board considered that a copper dome would be overloading as an ornament, and that it would materially add to the appearance of the new building. On motion of McEvoy seconded by Debenedetti, copper was ordered substituted for galvanized iron for the dome at a cost of \$4000.

After considerable discussion action on Item 3 to substitute granite steps and the platform at the west entrance instead of cement was deferred until August 1st, on motion of McEvoy seconded by Eikenkotter.

On motion of McEvoy seconded by Debenedetti Item 4 was accepted, whereby the contractor is to put in electric switches in all the offices for \$495 in the first and second floors.

Action on Item 5 to substitute Alpine plaster for ordinary plaster was, on motion of McEvoy seconded by Eikenkotter, continued to August 1.

On motion of Eikenkotter seconded by McEvoy, action on Item 7 to copper plate the main stairs and grille was deferred to August 1.

Action on Item 8 to furnish and put up metal finish in first, second and third stories, including all doors and windows, was continued on motion of McEvoy seconded by Eikenkotter to August 1.

Action on Item 9 to furnish additional marble on first floor was, on motion of McEvoy seconded by Eikenkotter, continued to August 1.

Action on Item 10 to furnish Scagliola wainscoting on second floor was continued to August 1, on motion of Eikenkotter seconded by McEvoy.

Mr. Morgan addressed the Board, explaining the following detailed estimate for heating and ventilating the rooms of the building:

The system as called for by the original architects' plans and specifications is to be enlarged, improved and added to in accordance with these specifications, and as per revised plans, the changes, additions and alterations are more particularly described as follows, to-wit:

First—We propose to provide sufficient additional radiating surface to the heating battery in basement, to provide for the third story or jail portion of the building. Two sheet metal riser flues to be provided for this section of the building and to be connected to the heating chamber in basement, substantially shown in revised plans.

Second—To substitute in place of the single duct in basement separate pipes or ducts leading from heating chamber to each individual riser flue, and provide separate dampers or valves for each separate duct. By this separate pipe system each room in the building will be warmed and ventilated independent of any other room.

Third—The furnishing and installing of a complete system of automatic temperature regulation for the various rooms of the building as indicated on revised plans. This automatic system to include necessary dampers, air pipes, thermostats and diaphragms, hydraulic air compressor with pressure tank, together with all other fixtures and compliances necessary to constitute a complete system of heat control for the various compartments above mentioned. This automatic system to be fully guaranteed to operate the respective dampers or valves, to which they are attached, at a variation of not more than one degree above or below the point at which the thermostats are set in rooms, and air pipes to be practically air tight and tested to a pressure of twenty pounds to the square inch. All material guaranteed against any defects for a period of three years.

The proposition appealed to the Board and on motion of McCracken seconded by Debenedetti—the estimate was accepted on condition that Mr. Morgan put in automatic regulators in all the rooms. The price for the work is \$3437.

The architect was authorized to make the changes agreed upon.

No further business appearing the Board adjourned to Monday July 18.

Board of Equalization.

The members then convened as a Board of Equalization. Assessor Hayward presented the military roll of the county, showing that 234 persons in the county were capable of bearing arms in defense of their country. On motion of Eikenkotter seconded by McEvoy same was accepted.

There being no applications for reduction of assessments the Board adjourned to Monday July 18th at 10 o'clock.

Smelt Club Holds Its First Tryout.
Popular Dick Takes a Fall.
Buttinskies Break Camp.

WOODSIDE, July 15.—Claire Cunningham, the young daughter of Mrs. J. A. Folger, died last week as a result of a mastoid operation. She was a bright and attractive little girl, the idol of her home. The grief-stricken mother has the heartfelt sympathy in her bereavement.

Popular Dick Pigeon of Redwood City had a thrilling experience up this way last Tuesday. He walked into a well that had not been used for some years, and which was partly covered with underbrush so that it was almost impossible to observe it. He was warned by a mutual friend of its existence but did not heed the advice. After considerable difficulty Mr. Pigeon climbed to the top of the well but was a sorrowful sight, his new suit being entirely destroyed. Dick says that hereafter he will listen to the admonition of his friends.

The Smelt Club held the first tryout of the season last Sunday. President Greeley being absent on account of sickness, George Bogle was elected to his place and Ed Shine outside sentinel. Other business concerning the club was transacted. Although the fish were not running well last Sunday the prospects were never better for a successful season.

Miss Alice Hammonson has been appointed teacher in the Portola school. Miss Hammonson is a graduate of Sequoia and Stanford and no doubt will be successful in her vocation.

Hal Hansen and Bert Shine will represent Woodside at the encampment of the League of the Cross at Santa Cruz during the coming week.

Miss Edith Bottger has returned after a pleasant visit with friends and relatives in the metropolis and nearby towns.

Miss Georgia Zittga, who has been the guest of her friend, Miss Tripp, returned to the city the first of the week.

Mrs. Bogle is having her home on Albion avenue enlarged. S. S. Koop, the local contractor, is doing the work.

The old water tanks along the Folger road are being replaced by new ones, under the supervision of Wm. Morrill.

Miss Helena Hansen departed last Sunday for Bellvale to take charge of her school for the coming term.

A grand ball will be given in Independence hall Saturday evening. A large crowd is expected to attend.

C. E. A. Talbot and family of New York are occupying their beautiful home here for the summer.

LA HONDA LAUNDRY.

LA HONDA, July 15.—Thursday evening the young ladies of the hotel varied the amusement by giving a candy pull.

A party of six young men of Camp Frisco royally entertained the young ladies of Camp Menlo to a straw ride on San Gregorio beach last Friday. Lieutenant S. Foley of a U. S. regiment is at the head of Camp Frisco which makes it very popular.

Mrs. F. W. Pierson, who was formerly Miss Lot Dyer, is renewing old acquaintances and talking over the "olden good times" when she met her fate in the classic shades of La Honda. She is just as charming and sprightly as of yore.

Shooting frogs has become a favorite sport of the guests at La Honda. The crack of the rifle resounds, early and late, about the creek. The hotel cooks are becoming quite adept in the art of cooking the "choppers".

The Buttinskies, a camp of popular young men of San Francisco, broke camp on Wednesday last. A. Dubbs, formerly of Mayfield, was in the camp and greeted his many friends here.

Alfred Hammonson is a favorite among the fair ones. He is all smiles and dances divinely, besides he often takes parties out in his new automobile and gives them a spin down the pike.

Laughing voices may often be heard emerging from the hay wagon. Jolly parties of girls and boys hold up the driver and another themselves in the sweet, new mown hay.

Mrs. J. Mendelssohn, a prominent artist of San Francisco, who has been stopping at the Hotel, left Tuesday to spend a week with Mrs. E. L. Sears of Bellvale.

Camp Menlo entertained its many friends at a campfire last Tuesday evening. Will Sears kept the crowd in laughter with his many songs and jokes.

Miss Florence Barry and Miss Belle McDonald departed for their homes in San Francisco after a pleasant two weeks' visit at Camp Menlo.

Camp Weishaar is entertaining a host of friends in its usual lavish style.

H. P. Sears and W. Sears are visiting relatives in this vicinity.

Suit to Foreclose.

John Arata, through his attorney, James T. O'Keefe, has commenced suit against D. W. Sampson, Laban Langley, and Laban Langley as administrator of the estate of George L. Sampson, deceased, to foreclose a mortgage made in the year 1900 on certain valuable timber land near La Honda. Langley has commenced cutting the timber and hence the suit. The other defendants are Richard Roe and John Doe. The complaint alleges that no interest has been paid since the execution of the note and mortgage.

A writer from the Los Angeles Times tells us love is a peculiar sensation around the heart that cannot be reached from the outside, but a cold draught of Mrs. Goldsmith's ice cream soda will greatly allay this trouble.

A. Lindstrom visited friends here Sunday. He is now a prominent contractor in San Francisco.

Mrs. Thomas Cochran and two children leave to-day for San Francisco to spend two weeks with the former's parents.

James L. Flood is becoming an enthusiastic automobilist. He has sent East for another up-to-date motor car and it is expected here the first of the month.

Robert McNally and wife will move to San Francisco next Monday. Mr. McNally has secured a position with Hale Brothers. He will reside in the Western Addition.

Cyprian Lartigue, who was arrested last week for an assault with a deadly weapon upon E. Tilgham Mayfield, was dismissed from custody by Judge Van Buren Tuesday.

A. J. Carleton has purchased the O'Hearn property opposite the Palm Hotel. It is said the sum of \$3000 was paid for it. Mr. Carleton will at once improve the building and use it for a residence.

Richard Burke accompanied by his son and daughter, were guests of Mr. and Mrs. Joseph A. Donohoe last Sunday. Mr. Burke's residence is in Ireland, but he is on this coast for a few months on business.

Mr. John Spencer, wife and young daughter, are spending a week at the Palm. Mr. Spencer was formerly a brakeman for the Southern Pacific and resided here. He now enjoys a good position with the Government at Lima, Peru.

H. F. Enlay, a station agent here in 1886, has been appointed a member of the Board of Education of San Jose. He has been the railroad agent at that place for many years and is one of the best known railroad men in the West.

The League of the Cross Cadets will leave for Santa Cruz this afternoon to camp for two weeks. All the companies of San Francisco will be there. Captain Morey expects that twenty-five privates and all the officers will go into camp.

George E. Russell and wife returned from the World's Fair last Saturday. They have been gone two months and during that time visited nearly all the large cities of the East. On their return they spent two weeks at the Fair. Mr. and Mrs. Russell have apartments at the Menlo Park Hotel, where they will remain until next winter.

The open season for killing deer in Santa Clara county began last Thursday. Joe Cull and Edgar and West Bartley left the night before for Page's mill, where they will hunt until tomorrow evening. On their return their numerous friends expect to be supplied with venison steaks.

The open season in this county will not commence until the first of August.

The Board of Trustees of the Menlo Park Sanitary District will meet next Monday evening and sit as a Board of Equalization to equalize the assessments and hear any grievances that taxpayers may have in regard to their assessment.

The assessment of property in the district has been increased \$14,000 over last year and, of course, means a reduction in the tax rate this year. The greater portion of the raise was gained by adding the Flood property, amounting to \$154,000, to the assessment roll.

The school trustees have appointed Geo. W. McIntyre principal of the grammar school. They selected him from a large number of applicants. The new principal has taught in the school department of Salinas City for seven years and for some time has been principal of the Lincoln school of that city. He is highly recommended and ranks among the best educators of the State. His reason for coming here is that he is desirous to have his two young daughters attend Stanford.

The school board of Salinas re-elected him for another term but he declined, preferring to secure a school near the University.

The Gaelic League will give an entertainment next Saturday evening, July 23, in the armory for the benefit of the Gaelic League booth at the fair. First-class talent has been engaged for the occasion. The program will consist of singing in Gaelic by well known artists; Gaelic dancing by Professor O'Connor of San Francisco, and his pupils; recitations by Harry Moore and J. H. O'Keefe; vocal music will be rendered by James T. Lynch, Thomas Gardner and Miss Mae Divers. The Orpheum quartet will also be present. The dance will be in charge of F. P. Roach and Harry Morey.

By the terms of a contract filed in the office of the County Recorder at San Jose Tuesday the McElvray Stone company agrees with Mrs. Jane L. Stanford to do the stone and brick work on the new library building on the campus of the university for the sum of \$217,241, and to complete the work by July 1, 1905. The drawings by the architect, Clinton Day, shows a magnificent three-story stone building, surmounted by a lofty dome, and there is every reason to believe that this will be the most imposing structure yet projected at the university. It will be located about 600 feet northward from the northwest corner of the outer quadrangle and will face squarely to the west.

The bricklayers of Stanford University gave a clambake at William Carnduff's Sunday. There were thirty persons present, including invited guests, and enjoyed the day's outing. During the morning athletic sports were indulged in. A boat race between two picked crews was an interesting feature. The swimming matches, running races and high jumping created no end of fun. At 12 o'clock Chief Cook James Bruce prepared a treat of clams in every style for the party, whose appetites had been made keen by the rainy day breeze. After luncheon a baseball game was played. It was a spirited contest and the playing would do credit to professionals. The pitching of Moyness and McElvray was excellent. The base stealing of Charles Appleby surprised his friends, while Tom Gardner's long hit to left field was a brilliant feature of the game. The playing of Gore, Tacey and Drake in the infield was almost perfect. The catching of Butler, Cotter and Jackson in the outfield was very good. Both teams did good stick work and wielded the ash in splendid style. The game was umpired to the satisfaction of the two sides by Jas. T. Lynch, a retired veteran of the diamond. The pleasure of the day was due to the following committee:

Messrs. McElvray, Butler, Tacey, Cotter, Meyers, Gore, Shot, Hightlinger, Drake, Jackson, Hopkins.

The ladies in charge of the fair to take place August 31st are working hard to make it a success. A meeting business was done. St. Anthony's booth will be in charge of Mrs. M. Lynch; Sacred Heart booth will be presided over by Mrs. J. R. Doyle and the Gaelic League booth by members of the Gaelic League. Matthew Crow has donated a well bred two-year-old colt to the Sacred Heart booth. The animal was sired by Aggregate, who has a record of 2:11. Aggregate is by Electioneer. Mr. Crow has also donated two handsome chairs to St. Anthony's booth. The Sacred Heart booth will inaugurate some interesting contests during the fair. A diamond ring or pin will be given the most popular young lady and a gold-headed cane will be awarded to the most popular young man, while the popular married man is to receive a black thorn just from the old country. These contests promise to be not only interesting but remunerative. The prizes are valuable and well worth the contest.

District Deputy Joseph Nash installed the officers of Menlo Parlor N. S. G. W. on Thursday evening. Large delegations were present from University Parlor, Seaside, Palo Alto and San Mateo Parlor. After the installation the members and visiting guests were banqueted.

James Cantillon, an old and respected resident of this locality, lies dangerously ill at his home. He is treated with pneumonia and owing to his advanced years some fears are entertained for his ultimate recovery.

The evening service at Trinity church has been changed to 7:30 instead of 8 o'clock as heretofore. The Rev. Banham will have charge of all the services until the first of August.

John Bonafant has purchased from Lewis L. Jones a piece of property in the Dominga tract that was formerly the home of William Milton.

Suddenly Disappeared.

John K. Burke, aged 77 years, who until two months ago made his home in this city, mysteriously disappeared from his residence, 4011 Lusk street, in Temescal, early Tuesday morning, and has not been seen nor heard of since. Relatives fear that he has met with harm, and say that his mind has shown signs of failing for some time past. The disappearance was reported to the police Tuesday morning by a Mrs. Shepherd, a daughter of the missing man, who appealed to the authorities to assist her in locating her father. She says he left home early in the morning, ostensibly to enjoy a walk after breakfast, intending to return within an hour, as was his custom. When he failed to return by noon, searchers went out, but failed to secure any trace of him. When last seen, Burke wore a dark suit, gray overcoat, black soft hat. He has a full gray beard, and his hair is also gray. Mr. Burke leaving Redwood intended to be away but a few days. He has resided with Mr. Reynolds for some time. A few years ago he was declared incompetent and Judge Snook of Oakland has been his guardian ever since.

Died of Lockjaw.

Joseph Redmond, the fourteen-year-old son of M. Redmond, a well-known section foreman, died in Belmont Tuesday. The boy while enjoying the 4th of July celebration at his home had his hand hurt by a toy pistol, nothing was thought of the affair and the usual home remedies were applied. The injured hand became so painful that the youth was taken to Dr. Gardner's sanitarium where lockjaw almost immediately set in. A San Francisco specialist was called but his help was unavailing and death resulted Tuesday. The funeral took place from the Catholic Church at Redwood City Tuesday morning and was attended by a large number of friends. The interment was in Holy Cross cemetery, Menlo Park. The parents of the deceased have the sympathy of the entire community for the loss of their boy who was very bright.

High School Trustees Meet.

The Board of Trustees of the Union High School met and organized Thursday in the new building for the first time. The business of the old board was settled and the new members, James T. O'Keefe and D. J. Mills, initiated. Geo. C. Ross was re-elected president and L. P. Behrens, secretary. James T. O'Keefe was re-appointed a member of the executive committee. J. B. Pepkin was selected janitor at a salary of \$50 a month. It was decided to have school commence Monday the 15th of August, at which time there will be presented a suitable program for the occasion, that being the opening of the new building. President Jordan and Wheeler were invited to be present. The public will also be invited.

Death of an Old Resident.

The death of George Zeuner at the German Hospital in San Francisco Sunday, July 3, 1904, was after a long decline, without the hope of relief. A native of Germany, 68 years of age, he was for thirty years a resident of Laceria, where his son Otto, now residing in this city, and daughter, Rose Pedron, were born and where his wife died

Twenty Years Trial.
There are lots of good things the doctors
know nothing about. We frequently cure
people of disease after the doctors have
given them up. If the disease comes from
overwork, dissipation, or exposure, causing
weak and watery blood, and loss of
flesh and strength, we have the one sure
remedy in Dr. Gunn's Blood and Nerve
Tonic. These tablets taken with meals
turn the food into rich red blood, making
strong steady nerves, and increasing the
strength, building up solid flesh at the
rate of 1 to 3 pounds a week. This means
health. For nervous prostration, loss of
memory, or a pale, sallow complexion, a
better remedy was never made. Doctors
know nothing about this remedy only the
fact that we make cures; as we have been
doing this for twenty years we know our
method to be the right one. Druggists
sell Dr. Gunn's Blood and Nerve Tonic for
75 cents per box, or 3 boxes for \$2.00 sent
by mail, on receipt of price. Write us for
a pamphlet telling all about this great
medicine. Address Dr. Bosanko Medicine
Company, 128 S. Sixth street, Philadelphia,
Pennsylvania.

WINE OF CARDUI
Mrs. Fred Unrath,
President Country Club, Boston
Harvard, Mich.
"After my first baby was born I did not
seem to regain my strength although the
doctor gave me a tonic which he considered
very superior, but instead of getting
better I grew weaker every day. My hus-
band insisted that I take Wine of Cardui
for a week and see what it would do for
me. I did take the medicine and was very
grateful to find my strength and health
slowly returning. In two weeks I was out
of bed and in a month I was able to take
up my usual duties. I am very enthusi-
astic in its praise."
Wine of Cardui reinforces the organs of
generation for the ordeal of preg-
nancy and childbirth. It prevents mis-
carriage. No woman who takes Wine
of Cardui need fear the coming of her
child. If Mrs. Unrath had taken
Wine of Cardui before her baby came
she would not have been weakened as
she was. Her rapid recovery should
commend this great remedy to every
expectant mother. Wine of Cardui
regulates the menstrual flow.

WHERE TO SPEND VACATION.
Hints Given in Free Book Published
by the California North-
western Railway.

Of course you are going to have a period of
rest this year, but do not decide as to where
you will pass this season until after you have
read "Vacation Now." This is a book devoted
annually by the California Northwestern Rail-
way Company, which gives information re-
garding the many rest and pleasure resorts
to be found on that road. These resorts are
numerous enough and varied enough to sup-
ply thousands of people with whatever may
be needed in the way of relaxation and recre-
ation, and at prices which may suit every
one's pocket.
To begin with, there is no prettier part of
California than the through which winds the
California Northwestern Railway. This is, in
itself, a pleasure, and this is enhanced by the
splendid equipment of the road and the
ceaseless watchfulness, care and unfailing
courtesy of the employees.
Aside from the attractive features of the
road, the country traversed by it is richly en-
dowed with mineral springs, which restore
health and vigor to the ailing; woods and
caves in which game abounds, running
water and lakes in which swimming and
